Abuse of Students by School District Employees

File: 403.03

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The superintendent will appoint an investigator and alternate investigator of opposite sexes. The investigator will pass the findings on to the superintendent who will complete any further investigations as deemed necessary and take appropriate final action.

Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing investigation of the policy, potential issues of sexual harassment or discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged sexual harassment or discrimination as well as the incidents of alleged violations of the policy.

The superintendent is responsible for implementing this policy and for organizing employee training when needed relating to this policy. Procedures shall be reviewed periodically for adequacy and accuracy.
