Hello!

The first round of Parent-Teacher conferences will take place a week from Wednesday. The school year is screaming by us!! Freshman parents have been invited to attend a special session the evening of conferences to discuss topics of special importance to them, including the importance of GPA, career planning, Gallup Strengths Finder and other pertinent topics. Starting positive communication with parents at this stage in their students' lives is a good first step to successful transition to college and career as seniors. Working together, everything is better for students.

Administration and staff from both buildings have been working diligently to meet the needs of some of our highest behavioral students. Many meetings are being held to find the key in helping all of our students be successful. The heart for children that our staff exhibits is incredible. We are blessed to work with such caring people. We no longer contract with the Unified District to provide services for one of their students at the Center for Teaching and Learning. Their needs were greater than our staff could accommodate, so they are seeking other solutions for this student.

I had the opportunity to attend the district golf meet this week. What a great group of girls! There were many tears and smiles that day, and although the team missed state by two strokes, they will all be cheering for Hailee and Paige on Monday. Hopefully we'll have results by the board meeting. Softball has also completed its season and cross country is winding down as well.

Building principals have been busy completing the school EBA (Evidence-Based Analysis) for each building and I have been working to complete the district's EBA. The School Improvement team is meeting next Thursday and one of their tasks will be to further review this prior to submitting it to the state. Our initial AQuESTT rating will be released on the 15th. The EBA can only improve this initial rating. There are changes coming in regards to NeSA testing, including what is called Text Dependent Analysis. This is a skill that will be measured by students reading a passage and then writing an analysis of the information. This is a much higher skill than what is currently measured by the assessment, so when it is integrated into the test scores statewide will likely drop. This type of question will be field tested with students in grades 5-8 and 11 this spring, but will not impact their scores until the 2017 testing window. We are sending staff from

The Mission of the O'Neill Public Schools is to provide engaging learning experiences in a safe and respectful environment where all students are expected to develop the skills and knowledge necessary to be independent, collaborative, and productive citizens of an ever-changing world.

both buildings to West Point on October 19th and 20th to learn more about how to best prepare our students for this.

We will have some staff development the morning of Parent-Teacher conferences on using a classroom based assessment provided by the state called C4L or Check for Learning. This resource can also be helpful in preparing students for their state assessments, as teachers can modify their teaching based on its results. We are all heavily invested in doing all we can to help students succeed now and in the future.

I will be sending out invitations to community members to attend the November 2nd Community Engagement meetings. Please remember to put this date on your calendar and plan to attend the 6:00 – 8:00 meeting that night. We are hosting C-2 sub-district volleyball that night, so we may move the meeting to the new Northeast Community College building if it's available. I hope to know more about this by Monday night.

The Negotiations Committee met this week to begin discussion for the upcoming round of teacher negotiations. The first joint meeting will take place on October 28th.

As I mentioned in my earlier e-mail, I didn't get the superintendent's evaluations distributed in September. There are paper copies in your packets in case you couldn't print what I forwarded you. If you are alright with bumping things back a month it will mean finalizing my contract in January rather than December.

I have registered Delight, Amy and Tom for the NASB state conference November 18-20. Mr. Woodle, Mr. Fisher and possibly Mr. Brown will also attend on Thursday. We have four rooms reserved, so if you want to attend we can still register you. Mr. Peterson is taking representatives of the Eagle Eye Broadcasting crew to present on Friday of the conference. It is great to see our students spotlighted in this way.

Thanks for all you do to make education great in O'Neill!

Looking forward to seeing you all on Monday night!

Amy

OCTOBER AGENDA ITEMS

9-A – REVIEW OF THERMAL SERVICES CONTRACT – Mr. Brown and the Building and Grounds committee discussed this prior to the meeting, and may have a recommendation for the board. We will need to enter into a new service contract with Kratz if the board chooses to continue with one and give Thermal Services 30 days notice in writing to cancel that contract.

RECOMMENDED ACTION:

Motion based on recommendation of the Building and Grounds committee.

9-B – POLICY #204.11 – MEETING MINUTES – The policy committee has reviewed recommended changes to this policy based on new legislation.

RECOMMENDED ACTION:

Motion to adopt Policy #204.11 - Meeting Minutes.

9-C – POLICY #402.01 – EQUAL OPPORTUNITY EMPLOYMENT – The policy committee has reviewed recommended changes to this policy based on new legislation.

RECOMMENDED ACTION:

Motion to adopt Policy #402.01 - Equal Opportunity Employment.

9-D – POLICY #404.11 – FACILITIES FOR MILK EXPRESSION – This is a new policy required by new legislation.

RECOMMENDED ACTION:

Motion to adopt Policy #404.11 - Facilities for Milk Expression.

9-E – POLICY #508.16 – RETURN FROM CANCER – This is another new policy required by new legislation.

RECOMMENDED ACTION:

Motion to adopt Policy #508.16 - Return from Cancer.

9-F – POLICY #612.01 – SPECIAL EDUCATION POLICIES – These policies were previously numbered individually #612.01- #612.17. This amendment folds policies #612.02 – #612.17 into #612.01. This will make

future revisions much easier.

RECOMMENDED ACTION:

Motion to adopt Policy #612.01 - Special Education Policies.

10-A – PRESENTATION BY STAFF OF THE CENTER FOR TEACHING AND LEARNING – Mrs. Langan will be on hand to discuss the program that she directs at the Center for Teaching and Learning.

RECOMMENDED ACTION:

No Action Needed

10-B – NASB E-MEETINGS – Amy Rowse, Ellen and I attended the breakout session on E-Meetings at the regional NASB meeting in Norfolk. We decided that we would like discussion from the whole board as to whether we can move to this format for our meetings. We would no longer put together “paper packets”. Board members would have access to meeting documents as I put them up, allowing early access and more time to contact me with questions. About half of the school boards in the state currently use e-Meetings. The cost of the program is \$1,500.00 with a one time set up cost of \$500.00. The cost for the first year would be prorated depending on when we purchase. The NASB would do a short training for board members prior to its implementation.

RECOMMENDED ACTION:

Motion to purchase the E-Meetings service from NASB.

10-C – SNOW REMOVAL BIDS – We have advertised for snow removal bids and received one bid for this service from Emme Construction. The cost will be \$185/hr. per machine. This is the same cost as last year. The bid is included in your packets.

RECOMMENDED ACTION:

Motion to accept the snow removal bid from Emme Construction.

10-D –FOOTBALL CO-OP AGREEMENT WITH EWING – Our two year co-op with Ewing is over at the end of this season. Ewing has been discussing other options they have for football in the future. At this time I am not sure what they feel best meets their needs. This has been a positive co-op for us, so if Ewing is interested in another two year agreement I would support that.

RECOMMENDED ACTION:

Motion to enter into a two year football co-op agreement with Ewing for the 2016-17 and 2017-18 seasons.

10-E – SCOREBOARD ADVERTISEMENTS – Nick would like to have further discussion on advertising on the various scoreboards in our district.

RECOMMENDED ACTION:

Motion to set costs for scoreboard advertisements as determined by the board.

10-F SPECIAL EDUCATION DIRECTOR’S POSITION – Mrs. Grossnicklaus will be retiring at the end of the 2015-16 school year. In order to find the best candidates, I believe we need to start advertising for this position.

RECOMMENDED ACTION:

Motion to advertise for a full time special education director.

10-G RECOGNITION OF THE O’NEILL EDUCATION

ASSOCIATION– The teacher’s association has asked to be recognized as the exclusive bargaining agent for the 2017-18 negotiations year. Their letter of request is in your packets.

RECOMMENDED ACTION:

Motion to recognize the O’Neill Education Association as the exclusive bargaining agent for the 2017-18 negotiations.

10-H – POLICY #410.03 – CERTIFICATED EMPLOYEE FAMILY & MEDICAL LEAVE – When we adopted the NASB policies, they came with separate policies for certified and classified staff. There is no

difference in the requirements for these groups of employees. Their policy also did not contain any of the forms that we use in regards to Family Medical Leave. I would suggest rescinding this policy next month and adopting Policy #416.01 – Family and Medical Leave which is our old policy that meets all of the requirements of law and includes the forms we use.

RECOMMENDED ACTION:

No action needed at this meeting.

10-I – POLICY #415.03 – CERTIFICATED EMPLOYEE FAMILY & MEDICAL LEAVE – When we adopted the NASB policies, they came with separate policies for certified and classified staff. There is no difference in the requirements for these groups of employees. Their policy also did not contain any of the forms that we use in regards to Family Medical Leave. I would suggest rescinding this policy next month and adopting Policy #416.01 – Family and Medical Leave which is our old policy that meets all of the requirements of law and includes the forms we use.

RECOMMENDED ACTION:

No action needed at this meeting.

10-J – POLICY #416.01 – FAMILY AND MEDICAL LEAVE – This is our old policy that meets the requirements of law and has the forms needed included in it.

RECOMMENDED ACTION:

Motion to advance Policy #416.01 to second reading.

10-K – POLICY #603.01 – CURRICULUM DEVELOPMENT – This policy reflects a change in dates as to when state standards for each core curricular area is adopted by the state school board. The new policy includes a clause that says the board will adopt the new standards as they are revised so that the policy doesn't need to be changed each time standards are updated.

RECOMMENDED ACTION:

Motion to advance Policy #603.01 – Curriculum Development to second reading.

10-L – POLICY #706.03 – BIDDING PROCEDURES – This policy reflects the change to the requirement for bidding projects from \$40,000 to \$100,000. This was changed last legislative session. Our old policy requires the superintendent to request price quotations to purchase items in excess of \$20,000. The new policy reads “Other purchases or contractual services may be advertised and submitted for bid as directed by the board or in the opinion of the superintendent.”

RECOMMENDED ACTION:

Motion to advance Policy #706.03 – Bidding Procedures to second reading.

The following process is recommended for the evaluation of the Superintendent of Schools.

1. In September, the superintendent and individual board members should review and complete the Superintendent Evaluation Instrument in draft form and set aside for review. By reviewing, you have the opportunity to provide additional comments and/or make necessary corrections.
2. It is important that each board member enter comments on the appraisal to substantiate a score that falls in the "Exceeds Expectations", "Needs Improvement", or "Does Not Meet Expectations" on a specific item.
3. By October 1st all board members and the superintendent shall submit their completed evaluations to the Board President who will then compile all ratings by the October board meeting.
4. At the October board meeting the Board President will meet with board members in closed session as needed to review the compiled ratings. Such discussion may include the identification of strengths, and areas for improvement as determined.
5. At the November board meeting the Board President will meet with board members and the superintendent in closed session as needed to review the compiled ratings.
6. At the November board meeting the Board will consider contract renewal and compensation. Official board action to approve the superintendent's contract will be taken in open session at the December board meeting following the required posting of the proposed contract.
7. Superintendent evaluations are to be administered in September of each calendar year. (A first year superintendent will be evaluated in September and March of his/her first year.)

Unpaid family and medical leave will be granted up to twelve (12) weeks in any twelve (12) month period to eligible support staff members for the following reasons:

1. the birth or care of a newborn child within one (1) year of the child's birth;
2. the placement or care by way of adoption or foster care with the staff member within one (1) year of the child's arrival;
3. to care for the staff member's spouse, parent or dependent child with a serious health condition;
4. if the staff member's own serious health condition prevents that employee from performing the functions of the employee's job;
5. in qualifying urgent situations arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty or call to active duty status as a member of the National Guard or Reserves in support of a contingency operation.

Unpaid leave will be granted up to twenty-six (26) weeks during a single twelve (12) month period to eligible support staff members to care for a spouse, son, daughter, parent, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, with a serious injury or illness.

For purposes of this policy, the twelve month period is defined as a "rolling period based on the date the leave is requested to begin and looking backward at the last twelve-months of use." Requests for family and medical leave shall be made to the superintendent.

To be eligible for FMLA benefits, a district employee must:

1. have worked for the district for a total of 12 months; and
2. have worked at least 1,250 hours over the previous 12 months.

Employees eligible for family and medical leave must comply with the family and medical leave administrative rules prior to starting family and medical leave. Requests for FMLA leave shall be submitted in writing. This policy shall not be construed to expand eligibility for an FMLA leave beyond what is required by the Act. It shall be the responsibility of the superintendent to implement this policy.

Substitution of accrued paid leaves for otherwise unpaid FMLA leaves may be required in the discretion of the Superintendent or the Superintendent's designee, or the Board. The employee may also have paid leave run concurrently with unpaid FMLA leave entitlement, provided the employee meets applicable requirements of the leave policy.

Employees shall be required to submit medical certifications to support a request for FMLA leave because of a serious health condition, or a sick leave, when such leave is for the duration in excess of five (5) successive days, and in such other cases as deemed appropriate by the Superintendent of the Board based on the nature of the illness or other circumstances surrounding the leave. Second and third medical opinions may, in the Superintendent or the Board's discretion, be required. Employees shall be required to report periodically, at such times as requested by the Superintendent or the Board, on their intent to return to work from FMLA leaves and other leaves. Employees shall be required to submit a fitness-for-duty certification from their health care provider as a condition of returning to work from a FMLA leave taken because of the employee's serious health condition, or from a sick leave taken by reason of the employee's illness, when such leave was of a duration in excess of five (5) successive days, and upon request of the Superintendent or the Board when such is deemed appropriate by the Superintendent or the Board based upon the nature of the illness or other circumstances surrounding the leave.

An "equivalent position" for FMLA restoration purposes shall, in the case of certificated employees, be any administrative, teaching or instruction related position for which the employee is qualified by reason of endorsement, college preparation, or experience, or other extracurricular duty assignment, and in the case of other employees or positions, be in a position with or at equivalent pay, benefits, and working conditions, involving similar or related duties, as determined by the Superintendent or the Board.

The purchasing procedure of the school district shall not only ensure the best possible price for goods and services, but shall also operate efficiently and economically. The construction of facilities which may exceed an expenditure of \$40,000 shall be advertised and submitted for bid in the manner required by law. This limit does not apply to the acquisition of existing buildings, purchase of new sites or site expansions by the district. All bids must be submitted in sealed envelopes, addressed to the Board and plainly marked with the name of the bid and the time of the bid opening. Bids shall be opened and examined publicly.

The superintendent of schools shall request price quotations to purchase any equipment, supplies or services in excess of \$20,000, which may then be approved by the board of education. Items included in requests for price quotations may be described through specifications or may be described as 'similar to' followed by the citing of a specific brand name.

The Board reserves the right to reject any or all bids or any part of any bid and accept that bid which appears to be in the best interest of the school district. The Board reserves the right to waive any informalities in any bid. Any bid may be withdrawn prior to the scheduled time for the opening of bids. Any bid received after the time and date specified shall not be considered.

The superintendent of schools is authorized to make purchases, with or without developing a set of specifications or requesting price quotations, for any purchase less than \$20,000. It is expected that the superintendent of schools will use his or her discretion as well as to consult with district personnel to select those items which will best meet the educational needs of the school district. Funds to purchase items in this category must have had prior approval of the board of education through the adoption of the annual budget.

Procedures for Purchasing:

It is the board of education's intent to seek quality goods and services from reputable vendors and contractors via competitive public lettings, price quotations, or through outright purchases, while maintaining a concern for cost effectiveness, i.e., educational value received for dollar expended. However, in any public letting or price quotation situation the board expressly reserves the right for the school district to reject any or all proposals and the board of education will not be obligated to the purchasing of an item because it was represented by the lowest dollar cost per unit.

The purchasing practice of the school district shall be such as to benefit the educational program. To accomplish this result, the decisions on purchases may not always be based

1. Specifications which stress good quality within limitation of the budget.
2. The lowest cost within adherence to the specifications.

Local purchasing will be favored whenever the following factors are equal between local and non-local vendors:

4. Conformance to specifications.
5. Convenience of delivery.
6. General reputation of business firms.

General procedures to be followed in purchasing shall include a research of potential suppliers, invitations to participate in public lettings, requests for price quotations, or outright purchases, the issuance of purchase orders, verification of receipt of goods or completion of services, and submission of claims for formal approval by the board of education. Ordinarily, bills must be submitted by the 20th of the month to be approved at the next regular board meeting. The board of education is to be informed of any circumstance wherein intended purchases are not within budgetary limitations.

No school employee is to obligate district funds without prior authorization from the superintendent of schools.

The board may engage the services of consultants or other personnel to study the needs of the school district's buildings and sites in providing the education program. The results of these services will be considered in planning the education program and in making decisions about the improvement and acquisition of additional buildings and sites.

In any construction involving architecture or engineering with a cost contemplated to exceed \$100,000, and an amount as periodically adjusted by state statute, the board shall engage an architect, a professional engineer, or a person or persons under the direct supervision of an architect or professional engineer to prepare the plans, specifications and estimates for the construction.

It shall be the responsibility of the superintendent to make a recommendation to the board regarding the need for such services and who should perform such services for the board.

Buildings considered for purchase or construction by the board or currently owned by the school district and used for the education program must meet, or upon improvement be able to meet, the specifications set by the board. The board shall make this determination.

Prior to construction or renovation of buildings and sites the board shall make a determination of the method by which it will obtain construction services. If the board elects by a seventy-five percent affirmative vote to use the Construction Management at Risk or Design-Build methods rather than the traditional Design-Bid-Build method, policies for that respective method must be established prior to selecting the construction services provider.

Prior to remodeling or other construction of buildings and sites, the board may appoint a committee of consultants, employees, citizens, or others to assist the board in developing the specifications for the new or improved buildings and sites. These specifications shall be consistent with the education program, and they shall provide the architect with the information necessary to determine what is expected from the facility. It shall be within the discretion of the board to determine whether a committee shall be appointed.

It shall be the responsibility of the superintendent to make a recommendation to the board regarding the specifications of buildings and sites.

Whenever goods, servicing or repair of equipment, construction or remodeling, or other items needed for the operation of the school district have been identified by the superintendent of schools as falling into the category of items to be secured through public lettings, a recommendation will be made to the board of education to enter into a public bid letting process for the acquisition of items. Once the board of education has agreed to proceed with the process the superintendent of schools shall initiate the following:

1. Identify current vendors or suppliers of the goods or services and notify the individuals that the board of education has agreed to enter into a public, competitive bidding process for a stated period of time for receiving the goods or services. The vendors or suppliers will be invited, in writing, to submit a bid which could result in supplying the goods or services.
2. A set of written specifications shall be created describing the goods or services desired. Known vendors will be supplied with these specifications, and a general outline of these specifications shall be published in newspaper(s) of at least county-wide circulation for a period of time of not less than two consecutive weeks.
3. In addition to specifications for items or services the bid letter will contain the following:
 - a. Vendors or suppliers of items or services shall mark the outside of the letter as "BID" and return the letter to the Secretary of the Board of Education.
 - b. Vendors or suppliers of services are responsible for describing in detail any deviation from the listed specifications.
 - c. The board of education reserves the right to reject any or all bids for any reason and will not be obligated to accept the lowest bid.
 - d. Such other information as set forth by statutes and is common to public bid lettings for the State of Nebraska and its governmental subdivisions.

The board of education shall consult with legal counsel as to the need for securing performance bonds, on-sight insurance, or other school district liabilities for construction or remodeling projects.

Labor and material bonds in the amount of the contract shall be provided by the person to whom the contract is awarded in a sum not less than the contract price, except for projects with a total cost of five thousand dollars or less, unless required by the bid notice or contract documents. Each bid for which a labor and material bond is

Public, competitive sealed bids are required for construction projects, including renovation and repair, with a cost exceeding \$100,000 and an amount as periodically adjusted by state statute. This does not apply to the acquisition of existing buildings, purchase of new sites or site expansions by the district. The sealed bids shall be opened in public on the date and hour as advertised.

The award of construction contracts will, generally, be made to the lowest responsible bidder. The board, in its discretion, after considering factors relating to the construction, including, but not limited to, the cost of the construction, availability of service and/or repair, completion date, and any other factors deemed relevant by the board, may choose a bid other than the lowest bid. Resident bidders of the state of Nebraska may be given preference over nonresident bidders in some instances according to state statutes. The board shall have the right to reject any or all bids, or any part of the bids, to waive informalities, and to enter into the contract or contracts deemed to be in the best interests of the school district.

It shall be the responsibility of the superintendent to make a recommendation accompanied by supportive reasoning to the board for construction contract bids.

The district will require the successful bidder to submit a performance labor and material payment bond for an amount not less than the contract price on any project with a total cost of more than ten thousand dollars.

Re: Board Report (High School)

Homecoming:

- Homecoming week 2015 was a great success. Abigail Gillham was crowned Homecoming Queen and Casey Rowse was crowned Homecoming King. Students participated in dress up days each day of the week. Wednesday afternoon students participated in a new event. Each class had 90 minutes to create a 90 second class video commercial showing their school spirit. Those video commercials were then played later that afternoon at the start of the traditional Eagle Olympics. The new video activity was in place of the traditional hall decorating and was fairly well received. It will most likely be something we will continue to do in the future. The week was highlighted by the homecoming dance on Friday evening.

NWEA MAPS Testing

- As I shared in September, two full days were utilized in September to conduct Fall MAPS testing for students in grades 7-10. I believe that all make-up testing has been completed and we now will begin reviewing the student MAP assessment data. It will be important to utilize the MAP data to guide instructional and curricular decisions.

7th Grade Courage Retreat:

- Our 7th graders attended the Youth Frontiers Courage Retreat in Niobrara on September 24th. This was an outstanding event for our 7th grade students. Topics such as respect, bullying and how we treat other people, fear and courage were key areas of focus for the day. We definitely look forward to participating in future years.
- Holt County Juvenile Services funded the cost of retreat. Holt County Juvenile Services is a youth serving, grant funded program that provides resources for collaboration, educational, and leadership development services. They collaborate with schools, law enforcement, community partners and public agencies to coordinate services and resources to provide for safer communities. Holt County Juvenile Services was able to provide Youth Frontiers through a Community Based Grant through the state. These funds assist communities in the implementation and operation of programs or services identified in their Community Comprehensive Juvenile Services Plan. Trisha Ruzek, the Holt-Boyd Truancy Officer, is responsible for writing the grant that made the Youth Frontier Courage Retreat possible for our 7th graders.

UNL Writing Exchange:

- In late September, our 8th graders traveled to Lincoln to participate in the annual UNL Writing Exchange Program. Our 8th grade students connected with other students from Omaha Burke, Lincoln Pius X and the UNL Pre-service teachers where they developed a journal, wrote a poems, and had the option to participate in an "open mic" forum. It continues to be a great experience for those students who participate. Mrs. Troester organizes this event each year for our 8th grade students.

College/Career Fair

- Junior and Senior High students from OHS and the surrounding area had the opportunity to visit with a large number of colleges and branches of the military in late September. Mr. Hilker and Mrs. Corkle organized and invited area junior and senior students to the OHS Gym on the afternoon of September 21st. This is the second year this has been held during the day as to involve more students. This continues to be a great opportunity that allows our students to investigate a large variety of post-secondary opportunities without leaving town.

Fall In-service and PT Conferences

- Fall PT Conferences will be held on October 21st starting at noon. The morning prior to conferences the staff will participate in a ½ day of in-service.

School Board Report: October, 2015

- **Homecoming Week-** Homecoming week was held at O'Neill Elementary. We enjoyed different dress up days, activities, and a pep rally with the High School athletes and cheerleaders. The students and staff had a great time.
- **Law Enforcement Walk Through-** On Tuesday, September 22nd law enforcement personnel and emergency responders conducted a walk through at both the High School and Elementary buildings. With the number of new officers and emergency responders that are new to their positions they wanted to become familiar with the buildings in case they were to ever need to access the school. It was a great learning opportunity for them and myself in regards to helping keep our school as safe as possible.
- **PBIS Monthly Assembly-** We held a school wide assembly on Friday, October 2nd at the end of the day. Students were presented with information on what environments we are doing well in and what environments we are going to have to continue to work on in terms of our behavioral expectations. We also shared a success in our building from our PE class with Ms. Belmer.
- **RTI Team Meeting-** The RTI team met with each grade level during their scheduled monthly meeting. The team is beginning to now target identified groups using the data from the NeSA assessment as well as the information provided below in terms of MAPS and Dibels Data. This information will be shared with families at parent teacher conferences. We are creating intervention forms that will allow us to track these targeted interventions and make sure they are effective and benefiting our students.

So what does all this data mean? This data shows us that our Reading Instruction has been consistent by improving our scores as we move from the younger grades to the older grades. Our math instruction is now a focus area at the elementary building. We used this data and information to help formulate one of our individual school improvement goals which is to improve instruction and student achievement in the area of Number Sense. Number Sense constitutes roughly 40-50% of the NeSA examination in 3rd-6th Grade according to the Table of Specifications created by NDE.

October 2015 Board of Education Meeting
Special Education Department Report
By: Kathy Grossnicklaus

1. The Special Education count is at 153. This number includes five students that are in the testing process.
2. Parochial School Services: St. Mary's has 11 students that are receiving special education services at the current time. Ten of the eleven students are receiving speech/language services. They also have two students that come to the public school for special education services.
3. Home School Services: We currently have three students that are homeschooled that come to the elementary for speech services.
4. Disabilities: We currently serve students with the following categories: Specific Learning Disability, Speech/Language Impairments, Other Health Impaired, Autism, Mental Handicap-Mild Mental Intellectual Disability, Emotional Disturbance, Hearing Impairment, Multiple Disabilities, Traumatic Brain Injury, Visual Impairments, and Developmental Delay.
5. ILCD: Mrs. Grossnicklaus, Mrs. Mudloff and Mrs. Broderson participated in a Nebraska Department of Education phone call to review our ILCD Plan-Improving the Learning for Children with Disabilities. Our plan targets improving the reading process for children with disabilities through intensive data gathering and support while in Kindergarten. A successful start to reading will remedy further reading problems in the years to come.
6. Team Teaching: We continue to team teach math in the high school and junior high. The elementary also has one grade level with team teaching of math.
7. We recently completed a 504 plan with the support of local counselors, teachers, parents and administrators. It's nice to have the local agency supports when students are in needs of additional services beyond the school programs.
8. The Center for Teaching and Learning currently has three students enrolled in the program. We are no longer serving a student from an outside district as the needs expanded beyond what our program could provide for.
