June 12, 2014

Greetings! Summer is off and running! Developing Eagles went fishing on Thursday in conjunction with Family Fishing Night; the kids had a blast! Rhonda has many fun activities scheduled for the Eagles this summer, as we strive to meet our summer attendance goal. Summer school is also going on at the elementary school and high school. Migrant summer school will also be offered in July for three weeks. These summer sessions are funded from a number of different sources. The June summer school is funded with a Title I Accountability grant, the July summer session is sponsored by Migrant education funds, and the 7-12 summer school is funded with tuition and general fund money. We have a number of students receiving these services and it should be a great benefit to them when they start the new school year.

The following teachers will be assisting with the School Improvement Process for next year: Mary Jo Nordby, Bri Kelly, Lowell Brown, Melanie Stepp, Sally Wallace, Jill Brodersen, Kelly Young, and Tricia Wiseman. The administrative team will also be assisting with the process. The team did a great job preparing for and hosting the April visit this year. They will be working a day in August to prepare for data analysis and will then lead that day with a third of our staff members taking part. This will be an important year for data analysis, as we will be selecting our school improvement goal(s) for the next five year cycle. We will also be revisiting our mission statement this year, and will want the input of as many stakeholders as possible.

The administrative team attended a Marzano instructional strategy training in Lincoln last Tuesday. The team wants to keep the focus on improving student learning in all content areas and feel that a cohesive instructional framework and additional instructional strategies will enhance teaching and learning for all. The professional development team at ESU #8 has had the Marzano training and will be very helpful as we introduce the framework and strategies to staff. As we move through the next couple of years, the team would like to design a teacher evaluation format that is centered on the Marzano framework as well as expectations unique to O'Neill. Mr. Fisher attended the Marzano training with the team, and plans to attend Monday night's meeting. He and his family will move to town the first of July and are looking forward to becoming a part of the O'Neill community. The administrative team will be meeting Monday to discuss the upcoming year and pre-opening work days.

MAPS spring data is included in your packets; it has been uploaded to NDE as our norm referenced assessment for the district. Grades 5, 8, and 10 will be reflected on the State of the Schools report.

Check out the on-line board agenda at www.oneillpublicschool.org, click on Board of Education toward the top, then agendas. When you click on the June – Regular Meeting it will bring up Monday night's agenda. Any item that is blue has materials linked to it for review. I would like to consider transitioning to an electronic meeting agenda rather than the "paper packets". We can talk about this at our work session on Monday. It will start at 5:00 and I will provide dinner.

Looking forward to seeing you Monday night,

Amy

The Mission of the O'Neill Public Schools is to provide engaging learning experiences in a safe and respectful environment where all students are expected to develop the skills and knowledge necessary to be independent, collaborative, and productive citizens of an ever-changing world.

Dear Superintendent Shane,

I am writing to inquire about your disposition plan(s) related to any available school properties within your school district. Seldin Company would have an interest in talking with you (and your Board) about acquiring, and possibly converting those properties into housing.

Seldin Company was established in 1923. We are a housing developer and property manager based in Omaha, Nebraska. We have over 12,000 apartment units under ownership / management. Our properties are located in Indiana, Iowa, Nebraska, Oklahoma, South Dakota, and Texas.

There now exists a great opportunity for school districts and housing developers to work together to redevelop former school buildings. You may be aware that Governor Heineman signed into law LB 191, the Nebraska Job Creation and Mainstreet Revitalization Act. This Act creates a state tax credit (which can be coupled with the federal tax credit), and be used to renovate historically significant properties.

Seldin Company has a high level of expertise related to the various financing mechanisms that exist to develop affordable housing. Now, with this new program, the adaptive re-use of former school buildings will become more feasible. We have found that former school buildings are great adaptive re-use candidates for housing development.

Therefore, I would welcome a discussion with you regarding the possible disposition of any available property controlled by your school district.

If you'd like to learn more about Seldin Company, I invite you to check out www.seldin.com. If you have any questions, please do not hesitate to contact me.

Sincerely,

Michael D. Fallesen
Vice President, Affordable Housing Development

Student Fee Policy****5150**

The Board of Education acknowledges that the Public Elementary and Secondary Student Fee Authorization Act authorizes school districts to charge student fees for certain student activities and requires the district to adopt a policy addressing student fees. Further, the board recognizes the fact that there are expenses relating to educational and extracurricular programs and activities that may require financial participation by students and their parents or guardians. In order to provide the district's students and their parents or guardians with guidance regarding the district's position on student fees, the Board of Education enacts the following Student Fee Policy. It is the intent of the board to provide equal access for students to all programs while complying with the laws of Nebraska and the rules and regulations of the Nebraska Department of Education.

A. DEFINITIONS.

- 1) Extracurricular activities means student activities or organizations which are supervised or administered by the school district, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the school district;
- 2) Postsecondary education costs means tuition and other fees associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which they may also choose to apply for postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except that if the student chooses to apply for postsecondary education credit, he or she may be charged tuition and other fees only associated with obtaining credits from a postsecondary educational institution.

B. FEES AUTHORIZED. Except as provided otherwise herein, the district may require and collect fees or other funds from or on behalf of students or require students to provide specialized equipment or specialized attire for any of the following purposes:

- 1) Participation in extracurricular activities;
- 2) Admission fees and transportation charges for spectators attending extracurricular activities;
- 3) Postsecondary education costs;
- 4) Transportation pursuant to Neb. Rev. Stat. §79-241, 79-605, and 79-611.
- 5) Copies of student files or records pursuant to Neb. Rev. Stat. §79-2,104;
- 6) Reimbursement to the district for school property lost or damaged by the student;
- 7) Before-and-after-school or pre-kindergarten services offered pursuant to Neb. Rev. Stat. §79-104;
- 8) Summer school or night school;
- 9) Breakfast and lunch programs;
- 10) Any other fee authorized by law.

Summer School: Twenty students started the five days of classroom instruction for driver's education and are now in the process of driving for their required six hours of behind the wheel time. Students were in need of a driving permit prior to taking DE this year and several students who were signed up had to drop because of age requirements. David Stairs from Chambers is again our instructor. Also in summer school are 18 students trying to complete credits from previous semesters. We offer summer school to students in grades 7 - 12 that includes sixteen days of instruction from 9 a.m. to 2 p.m. daily. We use the APEX system that offers over 50 individualized classes. The same system is used for the Alternative Education Students and some credit recovery during the school year.

Student Planner Information: The student planner process is complete and has been sent to the printer. Mr. Fisher didn't have any changes for next year and thus the content will look much the same as in the past. Students will be issued their planner on the first day of school. We will not have a parent "boot camp" for computer checkout this year. However, an on-line video will be assessable for parents and students sometime prior to school. Seventh grade students will have an orientation prior to school. This will provide the necessary information to all stakeholders. We still plan on a student in-service the second day of school to once again go over Internet safety, acceptable use, and options that come with the 1 to 1 environment. Computers will be issued sometime during the second day of school and parent forms will be returned prior to checkout.

2013-2014 Statistical Information: The Jr. – Sr. High School served a total of 374 students this year. This includes all OPS students, SM students, and LDL students that attended at some time during the year. Of this total, 41 were new to the building, 45 graduated, 3 dropped out, and 25 transferred at some point after enrolling. The year started with 312 students and ended with 309. Our average daily enrollment for OPS students was 315 with 94% attendance rate creating an average daily attendance of 296 students.

2014-15 Schedule: The class offerings for next year again include some APEX classes that will enable all our students to take the classes they signed up for. OPS Jr.- Sr. High offers 114 different classes plus 27 study halls taught by 31 teachers (plus 7 part time) at some level. Most teachers are involved with 8 periods daily with one of those periods being reserved for planning. We also offer two early bird classes next year and expect about 40

students to start their day at 7:15 a.m. with either a world history or music/drama class. We will also again send LDL Spanish to several Madison and Ewing students. We have also accelerated some math students in the 7th and 8th grades the past few years and next year will be the first year to offer an additional higher-level math class such as calculus. We believe the math scores for our 8th - 12th grade students will continue to improve as a result of new math tracks.

Administrative Report for School Board

June 16, 2014 _____ **Nick Hostert, AD**

Activities:

Golf—The team finished runners up at the B-3 District competition at York and the team of Josh Cuddy, Nate Gotschall, Adam Soukup, Matt Kelly & Tristan Strong qualified for State. At State the Eagles finished 7th as a team and Senior Nate Gotschall brought home the 6th place medal with a strong finish. I have visited with St. Mary's and we are set to renew our boys' golf coop for the next two years.

Track—The Eagles had 7 athletes who participated in the annual State Track Meet on May 23 & 24 in Omaha. Our athletes competed well and represented the area well; Jon Marvin brought home our lone medal in the pole vault.

Camps—Mr. Corkle will be taking kids to wrestling camp in June and will host a camp for elementary kids. Mr. Eichelberger, Mr. Kallhoff and their assistants have hosted a basketball camp for girls & boys this week, and will be hosting a summer league, sponsoring open gyms and attending team camps this summer. Mrs. Tomjack has volleyball camps set up for elementary through high school students and will sponsor open gyms while Mr. Eichelberger has a football camp set for July. Mr. Grossnicklaus and Mr. Price have our softball team playing in a team camp as well. This will be another busy summer with a lot of quality time put in to help hone skills.

Hosting Events—We hosted the American Cancer Society's "Relay for Life" on Saturday June 7th. The Alumni Banquet will not have a formal gathering but several classes have contacted us about touring the buildings. We also hosted the Irish Dance review in May.

Weight room—In the first week of summer conditioning we have averaged 40 student athletes in the morning and another 15 for the evening session. Athletes have the opportunity to lift 4 times a week and have individual workouts that include warm-ups, plyo-metric training, explosive core training, core lifts, and individual lifts.

Physicals— will be offered at both clinics again this summer but students will need to schedule their own appointments. These appointments will be offered as a Well Child Check.

Extra Duty assignments—The 2014-15 coaches/sponsors are included in your packet. Last year we added Eagle Eye Broadcasting and here is a quick breakdown of the numbers for 2013-14. We broadcasted 44 events and had over 100,000 views and counting. We used highschoolcube.com and this free service seemed to work well. We had over 15 volunteer student broadcasters and broadcasted 5 events that had over 7,500 views including our Veteran's Day Program that had over 10,000 views.

Calendar—The 2014-15 activity calendar is being prepared for the printers. We also plan to provide the public access to our calendar this fall with a link on our web page. This will allow them to get updates when changes are made to the calendar as well.

Admission—The Mid States Conference admission rates are set at \$5 & \$3. The NSAA now charges \$7 & \$5 for most district events and \$9/\$6 for state competitions. We will also charge \$2 for admission into JV/Freshmen games while JH events remain free of charge.

Vans— The fleet appears to be in sound mechanical shape and ready to go for the start of the school year. We do have several high mileage units and we may need to start looking for replacements this year or next school year.

June 2014 Board of Education Report

Special Education Report

By: Kathy Grossnicklaus, Special Education Director

1. The current June Special Education count is at 159. This includes all students in the birth to 21 programs. We had six seniors exit the program.
2. The annual Special Education Discipline Report was submitted to the Nebraska Department of Education. This is a report that looks at the number of students with disabilities suspended, out of school, or expelled during the school year. This report also looks at race, sex and disability category to ensure that no concerns are found in any of these areas. Less than 10 students were suspended out of the buildings during the past year.
3. The annual required Proportionate Share Hearing was held this past month. No one attended the meeting. I did meet with Mr. Dupre to discuss their continued plan for Special Education Services at St. Mary's. We do not have any students with special needs attending Word of Life.
4. The annual Student Records Upload was completed this past month. Each special education teacher and provider completed records in this program. The records are then uploaded to the Nebraska Department of Education for statewide data counting and other records review.
5. We continue to receive Early Childhood requests for testing over the summer. We currently have 2 requests in the birth to three disability area. We also are now required to have 2 providers complete the testing. A basic speech assessment also requires an early childhood provider to assess with the speech pathologist. Diagnostic testing is then completed in all core areas of development along with the speech assessment.
