Lesson from My Baseball Coach

When I was in High School my baseball coach was also my High School Principal. He is a great guy and taught me a lot of lessons. One of the lessons I learned from him was the importance of promptness.

“If you’re early, you’re on time. If you’re on time, you’re late. If you’re late, you’re already behind everyone else.” We heard that every practice...EVERY. SINGLE. PRACTICE. But, it stuck with me. This quote is true to all aspects of life. It’s certainly true for school. More than half our students start their day with math or reading. When a student is late, he/she misses important information not only for that day, but that will be built upon in upcoming lessons.

So, when a student is “just a few minutes late,” he/she is effecting much more than the few minutes he/she is late. If a student is late 10 times in a year and is 5 minutes late every time, he/she will miss 50 minutes of instructional time. This is the equivalent of almost one math period or over HALF of a reading block.

Now, will there be times that everyone runs late every now and again? Yes, you bet! But, please remember that school is like a job and it’s important to be on time and ready to learn.

I also know that every day almost 400 students are here and on time and it is greatly appreciated. Thank you to all of our parents and families. Your support does not go unnoticed. Have a great day and know my door is always open!

Thank you,

Mr. Jim York

Principal, O'Neill Elementary School

A Few Announcements...

- We are in the middle of winter and, boy, has it been cold! That said, we have had many students show up to school without the proper winter coats or gloves. We have some extra hats, coats, and gloves. However, if your student does have a winter coat, please make sure he/she wears them to school.
- 3rd-6th grade begins testing on February 10th. Classroom teachers will communicate home with information on what days students will be testing. Here are some things you can do to prep your student(s) for testing:
 - Make sure he/she gets a good night of rest
 - Make sure he/she has a healthy breakfast the morning of testing
 - Make sure he/she does not have any appointments the day of the testing
