Section 400 – Personnel Other Certified Employees Substitute Teachers

The board recognizes the need for substitute teachers. Substitute teachers shall be certificated to teach in Nebraska. The board has chosen to also utilize local area substitute teachers due to a shortage of fully certified substitutes.

It shall be the responsibility of the superintendent's office to maintain a list of substitute teachers who may be called upon to replace regular contract certificated employees. Individuals whose names do not appear on this list will not be employed as a substitute without specific approval of the superintendent. It shall be the responsibility of the building principal to fill absences with substitute teachers immediately.

Substitute teachers will be paid a per diem rate set by the board annually in the spring preceding the next school year. Substitutes employed for 10 or more consecutive days may be paid at a higher rate beginning on the 11th day of employment for the same teacher. Substitute certificated employees are expected to perform the same duties as the certificated employees.
