

**Section 600 – Instruction**  
**Instructional Arrangements**  
**Student Field Trips and Excursions**

**File: 607.05**

Educational study trips are considered a vital part of the curriculum. Educational field trips should normally be conducted within the school day. School transportation vehicles or school contracted vehicles should be furnished for all such field trips. Private vehicles are to be used only when approved by the superintendent of schools. Provisions will be made for proper supervision during trips by school employees. Parents are permitted to assist in supervision.
