

**Section 800 – Support Services**

**Transportation**

**Student Transportation for Extracurricular Activities**

**File: 801.06**

The board in its discretion may provide school district transportation for extracurricular activities including, but not limited to, transporting student participants and other students to and from extracurricular events.

The superintendent shall direct the provider of transportation services to plan and implement such student transportation for extracurricular events. The contracted transportation will have an event sponsor onboard when traveling from the district to the scheduled event, but may or may not when traveling from one local district site to another.
