Due to the global COVID-19 pandemic, the Board of Education has decided that all students must wear masks or other face coverings while they are at school or participating in school activities when the risk dial reaches yellow, with certain activity-based exceptions, unless their parents object to their student being required to wear a mask or other face covering.

If you have no objection to your student wearing a mask while at school and related activities, you do not need to do anything.

If you object to your student wearing a mask in order to reduce the risk of your student transmitting or contracting COVID-19, you must sign and return this opt-out form no later than **August 22, 2020**. **Students without face masks may be socially distanced to a greater degree than those students wearing masks.**

I **do NOT** wish my student to wear a mask while at school.
